WHOLESALE

Wine, Liquor and Cigar Store.

During the hot weather I will keep constantly on hand a full supply of Lime Juice Champagne, Ginger Ale, Ginger Beer, Sarsaparilla, Champagne Cider, Cream Soda, Plain Club Soda, Apollinaris Water and Cordials.

See my new stock of Pipes and Cigars.

O. FIELD.

BISHOP ANSON'S DEPARTURE.

Interesting Farewell Services.

QU'APPELLE STATION, Oct. 20.—To-day many of the clergymen and some of the laity and diocese of Qu'Appelle assembled here to say farewell to the bishop who for eight years has ruled over it. The proceedings of the day commenced with matins and a celebration of the Holy Communion at 10.30 in the pro-cathedral. The incumbent, the Rev. H. S. Akhurst, read matins, the Rev. J. H. Bartlett, rector of Regina, reading the lessons. The lord bishop was celebrant, assisted by the Rev. J. P. Sargent and the Rev. H. S. Akhurst, and gave a touching farewell address to the clergy and laity present, as representing the diocese.

Luncheon was served at St. John's college and the afternoon was spent there by the visitors, who then returned to town to ten, which had been prepared by the ladies of Qu'Appelle and served in the court room, kindly lent for the occasion. Evensong was sung in the pro-cathedral at 7 p. m., when all the clergy present vested and assembled in the choir. The Rev. J. H. Bartlett and T. Greene intoned the service; the Rev. W. E. Brown and T. G. Beal read the lessons and the Rev. J. P. Sargent, as senior clergyman in the diocese and secretary of the synod, preached, or rather we should say, gave a farewell address in the name of the clergy and the bishop. His lordship, after prayer for the clergy, the diocese and the future bishop, then pronounced the benediction holding his pastoral staff in his hand. The service was solemnly impressive, and a fitting close to a useful and energetic episcopate.

A move was then made to the court room for the final proceedings of the day. Besides the clergy and visiting laity, a large number of the church people of the neighborhood assembled to witness the presentation of an illuminated address to the bishop. After a speech from the Rev. F. A. Baker, in which he explained the nature of the steps that had been taken in connection with the testimonial and dwelt on the greatness of the loss the diocese was about to sustain, the Rev. J. P. Sargent, supported by Mr. D. L. Scott, Q.C., of Regina, the Rev. W. E. Brown and the Rev. J. H. Bartlett, made the presentation in the name of the diocese, and read the words of the address. The bishop was too much affected to make any lengthy reply, but assured those present of his deep appreciation of the feelings that had prompted the gift, and of his continued interest in the future progress of the diocese, for which his prayers would constantly be offered.

The words of the address are those of the resolution adopted by the last session of the synod upon hearing of the bishop's intended resignation, and have been beautifully illuminated and mounted under the direction of Messrs. Bryant & Co., publishers, of Toronto. The whole worked reflects great credit upon their artist, and gave every satisfaction to the promoters of the scheme, and will long be a fitting reminder to Bishop Anson of his great work in this country, and of the respect in which he is held by its people.

After some music and as pleasant an evening as the circumstances would permit, the national anthem was sung and with individual farewells to the bishop all dispersed to their homes or to await the arrival of their respective trains.

His lordship left Qu'Appelle station and the diocese on Tuesday.

REGINA, Oct. 26.—Mr. J. J. Young editor of the *Leader* is about to sever his connection with the paper. The reasons for this step are not definitely known, but it is reported that Mr. Young has been offered a more lucrative position. Another report has it that the change is the result of a misunderstanding with Mr. Davin. Mr. Young has been connected with the *Leader* for the past seven years, and to him is due much of the success of the paper.

AFTER THE HOUNDS.

A Pleasant Outing Behind the Moose Jaw Pack.

The hounds, owned by Messrs. Laureles and McKuskill met on Monday at 14 o'clock. The weather was simply magnificent.

After a ride of two miles in a westerly direction, from which nothing resulted, a turn was taken to the north. Neither wolf nor fox was sighted for two hours, and it seemed as though nothing but disappointment was in store for the hunters, when a rousing "tally ho" from Mr. Laureles put all gloomy thoughts to flight.

"Donovan" was first to sight the fox. He led off, but was passed by "Wanda". After some lively running the two leaders headed Reynard, and turned him back to "Hector," "Flora" and "Chief." In a few moments it was over, and there was one fox less in the North-West Territories. The run from start to finish was about fifteen minutes.

The fox was a very fine specimen. His brush was presented to Miss Smith, who was the first lady in at the death. A number of spectators drove out to a point of vantage, and saw the best part of the run.

The pack meets at 14 o'clock tomorrow.

HARVEST HOME SERVICES.

A Drive to English Village.

On Sunday last a large party, made up chiefly of the members of the choir of St. John the Baptist Church, drove to English Village, to attend the Harvest Home service. The weather being delightful, the drive was thoroughly enjoyed. About 10.30 the party arrived at the valley, where, near the confluence of the Moose Jaw and the Qu'Appelle, the little English Church nestles, surrounded by an amphitheatre of lofty hills.

The beautiful and impressive harvest services were conducted by the Rev. Mr. Brown, of Moose Jaw, who also ministers to the spiritual needs of the Church people at the village. A celebration of the Holy Communion took place during the service.

After service the party repaired to the house of Mr. Poyser and enjoyed a substantial lunch. After spending a pleasant hour enjoying the beautiful scenery, a start for Moose Jaw was made. The drive through the quiet gloaming was spent for the most part in singing hymns. The party arrived in Moose Jaw at 18.40, well pleased with their outing, and feeling that they had spent a profitable as well as a pleasant day.

Box Social.

The members of the Young Peoples' Christian Endeavor, of the Moose Jaw Methodist Church met, and held a box social at the residence of Mr. G. M. Annable, on Wednesday evening.

In the early part of the evening a very enjoyable programme was carried out, consisting of games, singing, instrumental music, etc.

The companion boxes were laden with the choicest of fruits, nuts, candies, etc.

After refreshments Mr. D. H. Grant, President, was called upon to deliver an address on behalf of the Endeavor and the evening's entertainment, which he responded to in a most pleasing manner.

Mr. Geo. Alexander, of Winchester, Ontario, who is visiting at Mr. Annable's, added greatly to the evening's enjoyment, by singing several most appreciated comic songs.

At 11.30 the gathering dispersed after singing God Save the Queen.

EASTERN NEWS.

The Seized Sealers—Col. Villiers' Suspension.

St. Petersburg, Oct. 21.—The Official Messenger publishes to-day the first authentic version of the Russian capture of sealing vessels in the Pacific Ocean. The paper declares that six vessels were seized at points distant eighteen to twenty miles from the Russian coast, not from 30 to 40 miles, as has been asserted. The captures were nearly all made outside the territorial water boundary. This is explained by the fact that the sealers, seeing the Russian cruisers approaching, fled, and the cruiser chased them sometimes for an hour and a half. Only the vessels, logs, charts, etc., which proved that they had been sealing in Russian waters, were seized. Three of the vessels captured were released with a warning. The conduct of the Russian official was blameless. The British flag was not insulted. It was only hauled down and replaced by the Russian colors after the vessels had been seized. The crews of the captured vessels were well treated, but when they became quarrelsome and insulted the Russian officers, order had to be restored by force of arms. The Official Messenger claims the poor catch of seals on Copper Island is due to the fact that the rookeries have been destroyed by sealers, especially by the English.

COL. VILLIERS' SUSPENSION.

Toronto, Oct. 24.—The *Globe's* Ottawa correspondent says: From private sources I learn the story of the recent suspension of Lieut.-Col. Villiers of Winnipeg. He did not give out publicly where he was going on his wedding tour, and a reporter inserted an authorized paragraph stating that the happy couple had left for Montreal. This unfortunate statement did all the mischief. It was brought under the eye of General Herbert. The stern general did not view the matter lightly and suspended from office by telegraph. The matter was evidently urged that in his absence Fort Garry might be captured by the enemy and a temporary D.A.G. was appointed. It turned out as already announced that the gallant soldier had gone only to Port Arthur, a place within the limits of his district. The general was now in a fix. The matter had become public, including the reason for his action. It was not considered compatible with soldierly dignity to acknowledge the mistake and too hasty action and apologize for it so the score was raised against the deputy Adjutant-General and it was recalled that he had neglected to execute minor instructions from headquarters to call in arms and uniforms of three companies of the 95th battalion, which he had reported as non-effective Co's. to have attended to anything so trivial as his wedding and left his duty until his return was highly censurable and so the announcement appears today to the public of the Dominion that the deputy adjutant-general at Winnipeg had been reinstated, but reprimanded for dereliction of duty. In view of the statement made public, this conveys the impression that the dereliction of duty here censured arose out of the original charge, whereas it was another matter altogether, of which nothing would ever have been said but for the necessity of glossing over a headquarters' blunder.

SWANICH, B. C., Oct. 26.—John Grey who died some time ago walked from Hudson's Bay to British Columbia across the plains and mountains in 1848.

Halifax, Oct. 25.—The troopship "Tyne" arrived from Bermuda to-day with relief for the warships on the Pacific coast. She leaves for Halifax to-night. The men will be forwarded over the C.P.R.

INDEPENDENT ORDER OF FORESTERS.

Court Tarryson, I. O. F., was installed at MacLeod, N. W. T., on Oct. 20th, by Mr. Wm. Sanderson, M. A., Deputy Supreme Chief Ranger, with ninety charter members, representing one hundred and fifteen thousand dollars of life insurance.

The following are the officers: R. G. Mathews, C.D.H.C.R.; Major S. B. Steele, P. C. R.; Sergt.-Major Stewart, C. R.; T. H. Steadman, V. C. R.; Sergt. Morrison, R. S.; J. Traxwell, P. S.; Const. J. Ritchie, Treasurer; Rev. G. Hamilton, Chaplain; S. McCrae, S. W.; Corp. Forester, J. W.; Sergt.-Major Spicer, S. B.; J. Murphy, J. B.

TRUSTEES: F. W. G. Hamilton, M. L. A., John Hollick.

FINANCE COMMITTEE: R. G. Mathews, Sergt.-Major Spicer.

HE ESCAPED.

And Probably Came On To Moose Jaw.

WOODBRIDGE, Ont., Oct. 26.—Magistrate Wingfield's little court room was well filled yesterday afternoon by men interested in the pea-in-the-walnut-shell cases from Woodbridge fair. James Wiehle was charged with throwing ice on the fair ground, but claimed to have paid Reuben Wallace \$10 for the privilege of running a dice board. This somewhat mitigated his sentence so he was let off with \$5 and costs. The dice board and chips were confiscated. As the walnut shell fakir who escaped from Woodbridge look-up, has not yet been re-arrested, his case was not called.

Borrowed \$10,000.

Toronto, Oct. 24.—Examination of the books of George Pyke, accountant of the Imperial bank, who was missing from his place a few days ago shows that for a number of years he had manipulated the funds of the bank and involved them in his own speculation. The bank is amply protected by securities, but it is supposed that his misappropriations amounted to something in the neighborhood of \$10,000. Pyke is supposed to be in one of the larger American cities in hiding. It is not believed that he has any money with him, but, on the contrary, he is in almost destitute circumstances.

Mrs. Harrison Dead.

WASHINGTON, Oct. 26.—At 1.40 to-day, Mrs. Harrison, wife of the President of the United States passed away. Death occurred without a struggle. The funeral services will be held at the White House, and the remains will be taken to Indianapolis for interment. The Queen called her condolences as did also the Pope through Cardinal Rampoll.

C. P. R. on The Missouri.

ST. PAUL, Oct. 25.—A M. Collins, who negotiated deals by which Riverside park, the largest in Sioux City, Iowa, was sold to a syndicate of Canadian Pacific people for \$600,000, today explains the deal which has been a mystery for three months. He says the Canadian Pacific own the Duluth Redwing and Southern road, now being built from Duluth via Redwing and Zumbrita to Sioux City. The Canadian Pacific will reach the Missouri river by this route. The Redwing Southern has lately been reorganized and expects to resume building in the spring. The park at Sioux City was bought for terminal grounds, for which it is well suited.

The New Governor

Mr. Denehey will be sworn in as Lieut.-Governor of British Columbia in November 1st and will leave for the west at the following day.

"Not clinging to some ancient saw,
Not mastered by some modern term,
Not swift nor slow to change; but firm."

FRIDAY, OCTOBER 28, 1892.

IMPERIAL FEDERATION.

Mr. G. R. Parkin, who has undertaken a Canadian tour for the purpose of studying Canadian questions and familiarizing himself particularly with questions connected with the development of the Northwest, is now travelling through the country.

Mr. Parkin is best known from his advocacy in every part of the empire of the idea of imperial federation. In discussing the question he has visited the Australian colonies and spoken in most of the large cities there; and for the last two or three years he has been in England, where he has addressed most of the chambers of commerce, the colleges and other public bodies on the subject. He is not now so directly engaged in this discussion, but his studies of Canada are intended to bear upon the question more or less.

Mr. Parkin holds a strong view that the subject of Imperial Federation is rapidly passing into the sphere of practical politics, and he believes that the question must be faced within a comparatively short space of time. He says that in England the scheme has gained a great deal of ground. "Leaders of public thought," he says, "are giving it cordial support, and statesmen like Lord Roseberry, Sir John Lubbock, Prof. Bryce, Lord Playfair and other men of equal weight in public affairs, lend the movement their hearty support. The attention which it has attracted in the business centres of late is perhaps the most prominent thing to be noted. In the great manufacturing centres, such as the west-riding of Yorkshire, the south of Scotland and other like places, the subject has been fully discussed and commands serious attention."

REMOVAL OF IMPERIAL TROOPS.

Considerable surprise is caused in political circles, and especially in colonial circles, by a report of a proposal to withdraw British troops entirely from the North American colonies, and require Canadians and Newfoundlanders to maintain their own means of defence. It is known that the question has been seriously discussed among members of the Cabinet, and that Mr. Gladstone is decidedly favorable to throwing the colonies in all parts of the world, as much as possible on their own resources. He has no idea of abandoning territories that are directly under Imperial jurisdiction, but believes in training the self-governing colonies to be able to rely upon their own resources both military and naval. It is not improbable that before another twelve months will have elapsed, the Canadians will now be called upon to occupy the forts now garrisoned by Imperial troops, and that the Cape Government will also be required to undertake similar responsibility. It is said that Mr. Gladstone has ex-

pressed the opinion that, if the colonies should learn something by experience as to the cost of military strength and display, they would be less inclined to involve themselves and the empire in costly and unprofitable wars.

CANADA'S TRADE.

Of the four chief English-speaking countries of the world, Canada is the only one which to-day shows an expanding export trade. This is the more remarkable because of the wholesale denunciations which we are accustomed to hear in certain quarters regarding our fiscal policy and its alleged effect in checking commerce. But the following figures speak for themselves, and, though Australian data is not immediately available, the public here is well aware of the deplorable depression existing all over the island continent, and voiced in the recent collapse of so many important financial institutions:

UNITED STATES.

Decrease.
Exports for September, 1892, \$14,000,000
Exports for July and September, 26,000,000

These figures show the diminution in exports abroad this year as compared with the same months in 1891, and, in spite of the discrimination obtained by the McKinley bill for many American products.

GREAT BRITAIN.

Exports, 8 months ending August, 1891, \$833,300,000
Exports, 8 months ending August, 1892, 766,875,000

Decrease, \$66,425,000

And in the face of this decrease, because the figures for 1891 show an almost equal diminution over those of the preceding year England imported free during the eight months specified \$218,000,000 worth of foreign manufactured goods.

CANADA.

Exports increased 1890, \$7,500,000
Exports increased 1891, 1,608,000
Exports increased (June 30, 1892) 15,228,000
Exports increased July-August, 1892, 4,169,000

The figures given for the fiscal year ending June 30, 1892, do not include British Columbia, which would, however, still further swell the increase. But surely such an illustration will reveal the progress of this country in comparison with others to a degree which should silence the pessimist and please beyond measure all true Canadians. And it must be remembered that this increase in our case has been made in spite of the terrible effects which it was said the McKinley bill would have upon our trade and the country generally.

NORTHWEST MATTERS.

The Winnipeg Tribune has the following able reply to an editorial in the Regina Leader.

The Regina Leader says: "It is palpable to us that the real reason Mr. Haultain was beaten was that he had by his demeanour, no doubt without ever intending it, given offence to a number of the members."

And in the same article it says: "It will cover this great young territory growing into provincial maturity with ridicule if party issues are raised on personal grounds. The thing is laughable at first sight and then disgusting to contemplate."

The conclusion then to be drawn is that the action of those who voted against Mr. Haultain on personal grounds is laughable at first sight and then disgusting to contemplate. But we regret to observe that the Leader, for what reason we cannot say, seems to incline towards those who raised party issues, overthrew a government, created a deadlock and wasted a session, on the personal ground that Mr. Haultain's manner was not smooth and courteously enough to suit them and they chose to take offense where none had been intended.

The remarkable statement is made that:

"When, however, as a correspondent in our last issue contended, a government is beaten on a trifling issue, this proves either that there must be some graver subject of quarrel underneath, or that the head of the government is no leader and does not know how to manage an assembly."

We must suppose this to have been hastily written, or that the opinion is given merely as the correspondent's. If a government is beaten on a trifling

issue by an alliance of those who are radically opposed to its policy with a few members who have only trivial or personal reasons for their course, we should say it shows those members to be most unworthy of their responsibilities. And if the head of the government could secure their allegiance by flattering their personal ambition or gratifying their personal wishes, at the cost of principle, but refuses to do so; we should not say that he must necessarily be "no leader," we should rather feel like saying that he is the right man for the place and that so far as we and the rest of the people are concerned, it would be in our interest to rally to his support.

CALGARY'S CONGRATULATIONS.

At the last meeting of the Calgary council the following resolution was passed:

"That this council of Calgary, which is the largest and most progressive town in the Territories of Canada, view with extreme satisfaction the appointment of the Hon. Thomas Mayne Daly to the important portfolio of minister of the interior; and we hereby desire to express to the Hon. Minister our hearty congratulations on the well merited promotion which His Excellency the Governor-General has been pleased to confer upon him; and at the same time express our full confidence that the interior will under his administration make new and rapid developments; and that the town clerk is hereby instructed to forward a copy of this resolution to the Hon. Mr. Daly."

In the support of the resolution Council claimed for the newly appointed minister that he is a worthy son of a worthy sire, whose name was a household word in the old Province of Ontario a quarter of a century ago and who as a public man and member of the pre-confederation parliament of Canada was distinguished for his loyalty to the crown, his devotion to his province, and his advocacy of humane legislation, respected and honored by the city of Stratford and the county of Perth. Mr. Orr held that Calgary in particular and Alberta in general are indebted to Mr. T. M. Daly for the generous and active assistance given to Dr. Laflerty, ex-mayor of Calgary, and the mover of the resolution when they were sent to Ottawa two and a half years ago to promote legislation for the Calgary and Edmonton railway showing that Mr. Daly was not a mere local man narrowed down in his public acts to his own constituency or province but broad minded and liberal in the fullest sense.

A SLIGHT INCONSISTENCY.

The Ottawa Free Press, an organ as rabidly Grit as any in the Dominion, has a cartoon in its issue of the 15th inst. that discounts anything that ever appeared in the pages of Grip. Sir Charles Tupper is represented as telling John Bull "that there is plenty of employment in Canada for mechanics and laborers of every class." A Canadian workman stands hard by, raggedly dressed, and apparently in search of employment. The cartoon is, of course very funny. The fact that it is doubtful that Sir Charles ever made the statement does not detract in the slightest measure from the funniness. But indubitably more amusing must be the perusal of the following from the very same page:

Scarcity of Laborers.—A well known contractor says the start up of the Ottawa, Arnprior and Parry Sound Railway and the C.P.R. branch line to Parry Sound has made labor in Ottawa so scarce that men cannot be hired. He states that he has been seeking some 70 men and has been unable to get them even at \$2 a day.

They appear insulted if work is suggested to them. Horses, although cheap to buy, are, he states, scarce to hire.

The Free Press would do well to have an eye to its news items the next time it attempts to be funny.

FAKES AGAIN.

One of the chief points of interest at the circus was a nice little game, played with three nutshells and a pea. The modus operandi is thusly: the man who played the game puts the pea under one of the nutshells, then he asks you to bet upon which shell covered the pea. And you bet. And you lift the

nutshell with all the confidence of a trusting disposition. But the pea is not the pea. The quickness of the hand deceives the eye. Now you see it and now you don't."

About \$300, we think, will cover the amount gathered in by the fakirs.

Sometime ago we called the attention of the public to the fact that a gentleman who sold pens had carried on a gambling contrivance on one of our streets, with members of the Town Council and the town Inspector among the bystanders. The excuse was pleaded that the man had obtained a license to sell pens, and that the obtaining of this license protected him from molestation, and that the council would not be justified in interfering.

We await with some curiosity the excuse that will be offered for allowing this last glaring infraction of the law.

EDITORIAL NOTES.

The report of Mr. Justice Wetmore, the commissioner appointed to investigate the charges against Commissioner Herchmer, is before the council.

A commission has been appointed to enquire into and report as to the period in which the unmentioned fishes are found in spawning and their condition in the waters of province of Ontario, namely, sturgeon, fresh water herring, ciscoes, salmon trout, whitefish and speckled trout.

Hon. Mr. Costigan is being boomed by certain parties and newspapers for the lieutenant-governorship of New Brunswick. It is said on good authority that Costigan has not asked for the position, nor is he disposed to accept it. He intends remaining in the cabinet.

There lately appeared an advertisement in English paper for an editor of a first class paper, it being expressly stipulated that he "must be a practical man of the world. No one who has graduated at Oxford or Cambridge need apply."

The Empire one day last week had an interesting comparison of the trade of three countries which at this moment is peculiarly timely, in view of the efforts being made in some quarters to decry both our trade and our resources.

The Souris coal fields, and the town of Estevan are gradually assuming their natural positions—that is, on a level with the rest of our towns. Coal is no cheaper, notwithstanding the promises of reasonable fuel that have been held out to a credulous public for so long. There seems to be plenty of it, but its burning and heating properties are not of the quality and quantity desirable when the thermometer registers 40° below zero. Estevan land is beginning to look like other soil, and, altogether the boom seems to be on the decline.

Mr. Daly is meeting with approbation of the French press. A Manitoban who is acceptable to Quebec will need watching.—Mail 20th, page 4.

The French press displeased with Mr. Daly. The new Minister of the Interior is likely to find himself in a difficulty owing to the separate school question. So far as the French contingent in Parliament is concerned he has already put his foot in it.—Mail 20th, page 2.

This is simply a clumsy attempt to create, both in Ontario and Quebec, a prejudice against the new minister of the Interior, and for vindictiveness is a fair sample of the Mail's methods.

B. T. OF T.

Articles under this head are supplied by members of Gloucester Council No. 2, Royal Templars of Temperance who are responsible for the same.

To the Editor of THE TIMES

Dear Sir

The question is asked, "Why am I a Royal Templar," and I will endeavor to answer this question as satisfactorily as possible, viz: I am a Royal Templar because I believe that use of alcoholic liquor, either moderately or excessively—injures and debases a man physically, mentally and morally, that the warring, unsettled mind, the want of

self-respect, and the blunting, deadening of the sensibilities invariably follow the continued use of alcoholic drinks, and are the results of drinking, not the causes; therefore, as intemperance is an acknowledged evil I am determined to wage a war of extermination against the manufacture and use of alcoholic liquor of all kinds, for as long as liquor is made and men are licensed to sell it there will always be moderate drinkers and drunkards, the latter being merely the terrible fruits of the former. And I am united with the Royal Templars of Temperance because it is a Christian temperance and prohibition society with its doors wide open to every man and woman desiring to unite in the effort to combat the great evil of intemperance, teaching also that total abstinence are less liable to sickness and accident, and live longer than non-abstainers.

ITS OBJECTS ARE.

1. To teach that intemperance and all that produces or sustains it should be regarded as a crime, and to seek to overthrow the traffic in strong drink.
2. To educate the young in temperance principles, and to reform and strengthen the fallen.
3. To improve the moral, intellectual, social and physical condition of its members.
4. To teach its members to be industrious and provident.
5. To afford aid to disabled members, give respectable burial to the dead, and provide for widows, orphans or friends left behind.
6. By its experience to prove that carefully selected total abstinents will live longer, have less sickness, less accidents and enjoy greater physical blessings than non-abstainers.
7. To warn the tempted, raise up the fallen, and brighten the homes made desolate by the demon of intemperance.

Yours truly,

TEMPLAR.

A communication on the subject of Moose Jaw Hotels, published inadvertently in our last issue has occasioned considerable hard feeling. As the editor of this paper, we do not wish to be understood as voicing the sentiments expressed in that communication. The hotels in question are certainly not "licensed hot-beds of iniquity," nor yet "lives" as we understand the term, and to say that "no offence is too heinous for their proprietors to commit" is rather an extravagant statement.

This paper is a public journal and does not exist for any particular class. Our desire is to do justice to all parties.

A communication in reply to the letter in last week's TIMES on the subject of Moose Jaw Hotels cannot be published as the name of the writer does not accompany it.

World's Columbian Exposition.

Arrangements have been made by the North West Government with Mr. Angus McKay, manager of the experimental farm, Indian Head, Assiniboia, who has been commissioned by the Dominion Government, to act in that behalf, by which all persons and societies in the Territories who are willing to aid in contributing to the North West exhibit at Chicago can do so by forwarding their exhibit to him at Indian Head.

After arrival at Indian Head, the exhibits will be forwarded according to the requirements of the World's Fair Commissioners, and forwarded to Chicago, where they will be taken charge of by the Canadian Commissioners. All exhibits will be insured by Government and returned after the exposition closes to the exhibitor free of cost. Freight on all exhibits will be paid by Government.

Intending exhibitors may obtain all necessary information connected with the forwarding, etc., of exhibits by corresponding with the Executive Committee, Government Office, Regina. Exhibits are solicited of Farmers, Stock Raisers, Dairy products, Minerals, Cattle, Horses, Furs, Building stone, Stuffed Birds, Animals, etc., Fish, Insects, Natural and Indian Curiosities, Photographs, etc., etc. Whatever in fact will illustrate the resources or history of the country.

Residents of the Country are earnestly requested to assist by every means in their power in making the North West exhibit a success by contributing, where they can, personally and in such other ways as may occur to them.

With the exception of dairy products, exhibits from now on should be forwarded as soon as possible and full information should accompany each article exhibited.

NOTES AND COMMENTS.

If there is a contest in Selkirk, polling will take place on Nov. 11th.

"The writ for the election in Wallace should have been issued some time ago. The delay gives rise to the suspicion that an effort will be made to corrupt the constituency. There are two circumstances which militate against those who would do this. The first of these is that they have not the 'stuff' the second that they could not do it if they had."—So says the Regina Leader.

The Qu'Appelle Vindicator says:—"Mr. Sutherland states distinctly that he is not going to resign, and so far as we are aware at the time of writing there is no reason for his resigning at the present time. In fact the public interest demands that he retain his seat during the remainder of the term for which he was elected. There is a general feeling abroad that these rumors have been circulated in the interest of the Cayley-Royal combination.

The Toronto Mail says that Daly, the new Minister of the Interior is likely to find himself in difficulty owing to the separate school question. No far as the French contingent in parliament is concerned he has already put his foot in it, to use a common expression, by his statement that he was not in favor of separate schools. The French papers, which at first hailed his entry into the cabinet with satisfaction, are now expressing their displeasure at his statement.

Regina Standard: "If Mr. Davin were as much in the confidence of the government as he pretends to be he would not display the presumption or the ignorance—we know not which it is—by which he upholds the legacy of Cayley's position. He would then know that the government has already decided upon the illegality of that position, and that the Assembly must soon be called together to grapple the situation into which the mad ambition of two or three unscrupulous men has plunged us."

All the papers in Vancouver, B. C. have suspended publication temporarily in consequence of an arbitrary demand on the part of the printers for an increased scale of wages. The publishers are willing to pay the union prices hitherto in vogue, viz.:—Fifty cents per thousand for morning papers and forty-five cents for evening papers, but claim the right to run the office, counting room and editorial departments. This, they claim, the new union scale practically prohibits, consequently the strike on the part of the printers.

The following item appears in the Ottawa correspondence of the Winnipeg Free Press dated the 15th inst:—

"A report is telegraphed from the North-West that Wm. Sutherland M. L. A. for Qu'Appelle, is about to resign his seat in the legislature owing to a difference with the post office authorities. Enquiry at the department elicited the information that the accounts of Sutherland, who was formerly postmaster at the Fort, on being checked over, revealed a shortage of \$100. No reflection is cast upon Sutherland, the error being one simply of addition.

Toronto Mail. Premier Cayley, of the North-West Territories, has denied that he is a usurper and asserts that he is ready to resign the moment the legislature votes no confidence in him. In the face of the fact that the assembly was deliberately prevented by a prorogation from expressing its opinion, the declaration is remarkable for lack of candor. Since the death of Mr. Reaman has put the administration in a minority it has been rumored that Mr. Sutherland, of Qu'Appelle, who supported the Opposition, intends to resign. This would put the parties just as they were pending the bye-elections, but it is by no means certain that Mr. Sutherland will step out of office. In the mean time responsible government in the west is administered by a cabinet possessing the confidence of the minority of the representatives of the electors. This is precisely what the system was designed to prevent.

The Empire's Montreal correspondent says he learns that a serious movement is on foot to promote the export trade in dead meat from the Canadian North-West Territories to China and Japan. Extensive refrigerators are to be established at Vancouver on the Canadian side of the Pacific and at Shanghai, Yokohama and Hong Kong on the Asiatic coast, all of these being owned and controlled by the prospective company. It is understood that the greater portion of the cattle required will be obtained from the ranchers of Alberta, and that the killing will be done at Calgary or at some adjacent point on the Canadian Pacific line. The correspondent adds that he is informed the promoters have consulted cattlemen in Montreal and also the Canadian Pacific authorities with regard to facilities for transporting and have received every encouragement from all concerned.

received every encouragement from all concerned.

L. Kribs, the well known journalist, in speaking of his western trip says: "I had a fine view on the prairie and it is something tremendous and wonderful for a man to look on for the first time. I believe there is nothing on earth to equal the great plains. There I gazed at such a scene as I could not have imagined. To watch over such an enormous area, men ploughing furrows a mile long, and to see the busy groups of thrashers here and there, was an apocalyptic picture. It seems to me that a farmer must strike the sky-line before he came to the end of his furrow. Another thing that strikes the visitor is the very great number of new elevators that are springing up along the line. It gives one some idea of the enormous crop. I saw celery in cords, just as we pile wood in Ontario, and such celery as I never saw before; and also not piles but stacks of cabbage, and such cauliflowers, that if presented in the Toronto market would create a veritable sensation, and bring all the housewives thrither with a run. The extent and magnitude of everything in agriculture most strikes the easterner; you seem to measure by miles up here instead of by rods, as we do in the east."

GOOD NIGHT.

Sleep sweetly
In this quiet room,
Let naught destroy thy rest,
No sad
And mournful yesterday
Disturb thy peaceful breast;
Nor let
To-morrow's cares harass,
With dreams of coming ill;
Thy Maker
Is thy changeless Friend,
His love surrounds thee still.
Forget thyself,
And all the world,
Put out each glaring light,
The stars
Keep vigil overhead,
And angels watch beside thy bed,
Sleep sweetly then—
Good-night!

\$125 REWARD.

Lost about 125 sheep, on the way to Moose Jaw from Eyebrow Lake, on or about April 20th. When discovered, lost flock was about 30 miles north of Moose Jaw. The above reward will be paid at rate of one dollar per head for return of sheep to my farm 10-19-26.

RHEUMATISM
NERVOUS DISEASES
CAN BE CURED

ELECTRICITY, AS APPLIED BY THE OWEN ELECTRIC BELT AND APPLIANCES,

is now recognized as the greatest boon offered to suffering humanity. It is fast taking the place of drugs in all nervous and rheumatic troubles, and will effect cures in seemingly hopeless cases where every other known remedy has failed. It is Nature's remedy, and by its steady, soothing current that is really felt, POSITIVELY CURES NERVOUS PROSTRATION, RHEUMATISM, Sciatica, Kidney Disease, Varicose Veins, Lumbago, Lame Back and Dyspepsia.

RHEUMATISM

"For twenty years I have been a martyr to rheumatism, suffering at times the most excruciating pains, from which I could get no relief, for doctors' medicines, painkillers, etc., had no effect on me, and it was only when I got the Owen Electric Belt that I began to get well. I am thoroughly cured, and have been so for months. The Belt's action was most marvellous, removing the pain in a few days."—H. SCHMIDT, 25 Vancouver Street, Toronto.

NERVOUS DISEASES

Thousands of people suffer from a variety of nervous diseases such as General Weakness, Impotency, Lost Manhood, etc., and the old modes of treatment fail to cure. There is a loss of nerve force or power that cannot be restored by any medical treatment, and any doctor who would try to accomplish this by any kind of drugs is practicing a dangerous form of charlatanism. Electricity, as applied by the Owen Electric Belt and Appliances—this is the only known remedial agent that will supply what is lacking, namely, nerve force or power, impart tone and vigor to the organs, and restore to healthy action the whole nervous system.

KIDNEY DISEASE

"Your Belt has done wonders for me. It stopped the bleeding of my kidneys, which were so bad that the doctors failed to help me. I am satisfied it saved my life, and I am a wonder to everybody who knew how bad I was."—W. PATTERSON, Bluevale, Ont.

LUMBAGO AND LAME BACK

"The action of my doctor, after everything else failed, I got an Owen Electric Belt for a severe attack of lumbago and weak back. At that time I was so bad I could not stand, without assistance, so I used the Belt. After wearing the Belt for a short time the pain was alleviated, I am as well as ever. I know it was the Belt cured me, and I would not be without it for \$200."—W. J. LEWIS, conductor C.P.R., Owen Sound, Ont.

DYSPEPSIA

"For over four years I have been a sufferer from indigestion, nausea and nervous prostration, and spent hundreds of dollars on doctors and drugs without any benefit. I purchased the Owen Electric Belt about four months ago, and have worn it since with the most beneficial results, for I am perfectly well and free from every trouble."—A. McDougall, Montreal, Que.

WE CHALLENGE THE WORLD

To show an electric belt where the current is under the control of the patient as compared with that we can use the same belt on an infant that we would on a giant by simply regulating the current, these belts have been in the market for five or ten years longer, but have not been as successful as the Owen Electric Belt and Appliances Co. Please genuine without fail.

DEALER OF IMITATIONS AND CHEAP BELTS

Our friends in Montreal are warned that Dr. A. Owen has been in gold upon every Belt and Appliances manufactured by the Owen Electric Belt and Appliances Co. Please genuine without fail.

FALL OPENING

SEASON 1892.

Six years ago when I started business on the cash plan, other merchants gave me three months to last. I am here yet and have pretty well demonstrated the fact that the people of Moose Jaw will pay cash if by doing so they can save money. This system has enabled me to throw on the market large lots of goods purchased from large wholesale stocks, parties retiring from business, and overloaded manufacturers. These I have sold at low prices at the same time selling regular goods at from 10 to 25 per cent. less than other dealers. I shall continue this method of doing business regardless of croakers.

I will have auction sales on the following dates:

OCTOBER 8TH, 15TH, 22ND AND 29TH,

OF

Cook-stoves, Heating-stoves, Stove Furniture, Gallery, Brushes, Brooms, Etc., Etc.

I have just received a car-load of all kinds of stoves. Another car-load is on the way. These goods are to be sold at the lowest prices. Call and see my stock.

FOR CASH ONLY.

Thanking you for past patronage.

Yours truly,

W. R. CAMPBELL

Have you ever heard of MASTER MECHANICS SOAP,

1/2 lb. CAKE for 15 CENTS.
2 CAKES for 25 CENTS.

The Moose Jaw Times.

FRIDAY, OCTOBER 15, 1892.

LOCAL AND GENERAL NEWS.

The new Town Hall is now being
plastered.

Mr. Winder, of Brandon, Owner of
"Piccola" was in town on Saturday.

The Royal Commission to inquire
into the liquor traffic is now sitting at
Winnipeg.

A sitting of the Supreme Court will
probably be held in Moose Jaw some-
time next month.

WANTED.—A housekeeper at the C. P. R.
Dining Hall. Highest wages paid for a
first-class hand. Apply at once. Ref.

A curling club has been organized
in Moose Jaw and is making arrange-
ments for the erection of a rink.

Several people have left this week
for the old country, ticketed by Mr.
Stevenson.

The body of T. J. Walker, who died
of consumption last week, was taken
east on Saturday night.

WHEAT FOR SALE.—A quantity of dry
hard wheat, suitable for chipping 30 cents
per bushel.
20c.
ARTHUR L. DAVIES,
418-27.

Baroness Macdonald, widow of the
late distinguished premier, will make
Victoria her home for six months at
least.

Rev. Mr. Caulfield, late of Fort Pelly
has been appointed curate of the
Church of England and parish of Qu'Appelle.

The annual Thanksgiving supper
given by the Ladies' Guild of the Church
of St. John the Baptist will be held on
Nov. 10th.

Mr. Allan Caven passed this point
a few nights ago on his way to Dallas,
Texas, in order to be with his running
horses. Racing commenced on the
15th inst. and will last twenty-one
days.

Mr. H. M. Griffin, representing the
Beaver Manuf. Company of Galt, Ont-
ario, manufacturer of "Herbagenum,"
was in town on Wednesday on busi-
ness connected with the firm.

Mrs. W. A. McFall begs to inform
the public that she has opened out in
her new boarding house on High street.
Good board and lodgings by the day
or week may be obtained at moderate
charges. A spare suit of rooms is kept
for transient custom.

A special train containing 300
sailors passed this point on Wednesday
morning going east. The jack tars
were expired men of H.M.S. "Dolphin,"
"Hyacinthe" and "Nymphs." They left
Vancouver at 8 o'clock on Monday.

A pleasant house-warming took
place at the house of Mr. Thos. With-
row on Monday evening. About
thirty people were present. The time
passed pleasantly away with dancing
and other amusements. Mr. Withrow
has just moved into his new brick
house.

Rev. Father St. Germain, of Willow
Bunch, arrived in town on Tuesday
and left again for the Bunch on Wed-
nesday. The Rev. Father reports the
weather to the south of us as something
delightful. Vegetables of all kinds
are yet uninjured by frost. The year
has been a profitable one for the people
under his charge.

Rev. Hugh Deley, of Winnipeg, is
in Regina.

Counterfeit 782 franc bank notes are
in circulation.

Lieutenant Governor Royal was a
passenger on No. 1 on Monday last.

Considerable wheat is moving. The
highest price paid this week was 31c.
for extra. Four strong, working notes
beginning. Also good driving points.
20c.
ARTHUR L. DAVIES,
418-27.

Miss Julia Macdonald, of Calgary,
is in town, visiting Mr. and Mrs.
Thos. Withrow.

It is well known that Mr. Wm.
Walsh is recovering from his recent
very attack of inflammatory rheumat-
ism.

Work on the new Church of Eng-
land has been retarded on account of
the non-arrival of several cars of
lumber.

Rev. W. L. Clay and Mr. Seymour
Green were in Regina on Wednesday
and Thursday in attendance at the
Synodical School Convention.

The lumber for the church of Eng-
land arrived yesterday, the work of
completion will be pushed through
with utmost expedition.

Mr. A. E. Potter, of the Massey
Harris Co., accompanied by Mrs. Potter
left for Winnipeg on Saturday. They
will return tomorrow.

A Pen-cillarity.

A sucker who loses his first little "five."
That he pays to discover the pos,
Nine times out of ten won't venture again
For he thinks he's been cheated, you see.

It isn't the first little "five" that he lost,
That tempts him to venture once more
He'd like to get square, but a voice cries
"Beware!"

The voice of the "five" gone before.
It's the first little "five" that he wins,
Good! It's then that his trouble begins.
He'll find it or bust! I'll lose all his dust!

That's the first little "five" that he wins.

BRIEF.
